

887 SERIES L-BOXX®

WAGO SPLICING CONNECTORS SETS

Simply snap
together

Three tiers of proven WAGO splicing connectors for different conductor types and a broad range cross sections prepare you for practically any task (e.g., maintenance, lab work and building development).

With the Sortimo L-BOXX®, the splicing connectors always remain properly sorted, ready and waiting at the right place when you need them. More than convenient storage for splicing connectors, this space-saving case is easy to store when the job is done.

Splicing Connector Sets L-BOXX®
